Rt. 6 Box 615
Marshall, TX 75672

Dear Mr. Epperson:

This will notify you that a representative(s) of the U.S. Environmental Protection Agency (EPA) will conduct an inspection at the facility(ies) listed below. The purpose of the inspection is to determine your facility's compliance with the Spill Prevention Control and Countermeasure (SPCC) plan regulations (40 CFR Part 112) promulgated under the Clean Water Act.

<u>Facility</u>	<u>Location</u>	<u>Date and Time of Inspection</u>
Marshall Facility	5851 FM Road 1998	Aug. 12, 1998: 1:00 pm

To expedite the inspection process, please submit a copy of your SPCC plan to this office two (2) weeks prior to the inspection. If you cannot submit the plan prior to the scheduled inspection date, please have the plan available at the facility for review at the time of the inspection.

For your information and use, a copy of our Inspection Checklist has been enclosed with a copy of the Spill Prevention Control and Countermeasure (SPCC) publications. The checklist can help you ascertain whether your SPCC plan meets the requirements of 40 CFR Part 112 and the degree to which you are implementing your SPCC plan.

Please be aware that the EPA can and may assess monetary penalties for violations/deficiencies identified as a result of an SPCC inspection. Upon completion of the inspection, the EPA inspector or representative will advise you of any identified deficiencies.

If you have any questions regarding this notice, please contact me at 214/245-1134.

Sincerely,

A handwritten signature in black ink, reading "Donald P. Smith". The signature is written in a cursive style with a large, stylized "D" and "S".
